

Hot Debrief Form

Thank team, establish time for debrief

Thank you everyone for your hard work in this case. I would like to do a hot debrief right now. I know there are many constraints on your time. This debrief will take up to 10 minutes and we will end at _____ <time>. If you have urgent patient care duties, or somewhere else you need to be, please feel free to step away and check in with me later as needed.

Basic Assumption

In this debrief, our basic assumption is we are all intelligent, capable and hard-working people who are doing our best for our patients and our colleagues. Together we want to identify ways to improve our resuscitative care.

Successes

What are things that were done well in this case? What would we want to do again in future resuscitations? For example:

- *Interventions*
- *Team leadership*
- *Completing orders, treatment*
- *Coordinating consultants*

Challenges

Were there challenges with airway, procedures, or equipment? Yes No

If yes, please explain briefly:

How could team leadership have been improved?

Were there delays to therapies? Yes No

If yes, please explain briefly:

Were there any safety concerns like PPE, crowding or sharps? Yes No

If yes, please explain briefly:

What could be improved in future resuscitations?

Could this resuscitation/incident have been prevented? Yes No

Please explain further:

Do you feel that longer or more in-depth debrief on another day (cold debrief) would be helpful?

YES No

Closing statement

It is now ____ <end time>, and we will close this debrief. I would like to thank you all for your work on this case. If you have any concerns, questions, ideas please speak to myself, your manager, or leadership.
